PROFILE

Experienced and innovative Web Developer with a passion for creating dynamic, user-friendly websites and applications. Proficient in various programming languages and web development technologies. Adept at collaborating with clients to determine project specifications and deliver high-quality solutions on time and within budget.

PROFESSIONAL EXPERIENCE:

Junior Web Developer

SPL Digital Marketing Group   2023 - Present

- Enthusiastic and versatile Full Stack Developer with a passion for creating seamless, end-to-end web solutions. Proficient in both frontend and backend technologies, adept at designing responsive user interfaces, implementing robust server-side architecture, and ensuring optimal functionality across the entire stack. Experienced in collaborating with cross-functional teams, utilizing a diverse set of programming languages and frameworks.
- Assisted in the development and maintenance of websites and web applications using HTML, CSS, and JavaScript.
- Supported senior developers in implementing new features and resolving technical issues.
- Participated in team meetings to discuss project requirements, progress, and challenges.

Sales And Marketing Specialist/Data Entry

SPL Digital Marketing Group   Apr 2020 - Present

- Assist in outbound or inbound marketing activities by demonstrating expertise in various areas (content development and optimization, advertising, events planning, etc.)
- Plan and execute initiatives to reach the target audience through appropriate channels (social media, e-mail.)

Wordpress Developer

SPL Digital Marketing Group   2023 - Present

- Designed and developed custom WordPress themes from scratch based on client specifications and design mockups.
- Customized existing themes and plugins to meet client needs, ensuring seamless integration and functionality.
- Implemented custom post types, taxonomies, and fields to organize and manage content effectively.
- Developed custom plugins to extend WordPress functionality and integrate third-party services.
- Optimized website performance by minifying assets, implementing caching mechanisms, and optimizing database queries.
- Ensured websites were responsive and cross-browser compatible, providing consistent user experience across devices and platforms.
